

- Dec 3, 2019

Recently Laconia School District held a fundraising event and this event raised \$1,270. With this money raised, it will support our growing outerwear program and sponsorships for sports, summer camps, and emergencies that we provide throughout the year for many students in our school district.

From myself and our entire board of directors, we want to thank you for helping us with our continued efforts in fundraising to help support our children in this community.

Kim Lacasse
