**Steve Tucker, Superintendent of Schools**  
**Amy N. Hinds, Assistant Superintendent of Schools**      **Christine Blouin, Business Administrator**

September 20, 2021

Good Day, Laconia School District Community.

We have crossed the halfway point of the first month of school for the 2021-22 school year, I hope that this communication finds you well. This week is Homecoming Week at Laconia High School, which culminates in a parade this Friday afternoon and athletic contests for our teams on Friday and Saturday at LHS. This is a week of tradition, pride, and fun for our students. As I walk through our schools, I am seeing our students engaged in reading, discussing, and writing across the district. It has been wonderful to see our staff working on this literacy focus this year.

We are assembling a Portrait of a Graduate advisory committee this year. This group will include members of our staff, some students, and some community members. The purpose of this task force is to answer two questions:

1. What job and career opportunities are there in Laconia and the greater Lakes Region? Now? In 5 years? 10 years?
2. What pathways are there in our schools to get students into these careers?

The health protocols in the district continue to be important in promoting health in our schools. At Elm Street School, in response to an outbreak that impacted two classrooms, we have shifted from masks being strongly recommended to mask required for the entire school through to the end of the day on Friday, October 1<sup>st</sup>. You can see current Covid-19 data in the Laconia schools on the dashboard that is linked to our distinct web site at <https://www.laconiaschools.org>.

Thank you for your support in supporting our students in Laconia.

Sincerely,

Steve Tucker  
Superintendent of the Laconia School District
