

ENROLLMENT PROJECTIONS

Enrollment projections will be prepared on a 5-year basis under the direction of the Superintendent and will be reviewed annually.

The projections may take into consideration the following:

1. Figures from the latest school census
2. School registration figures
3. Review of forthcoming changes in town planning and zoning
4. Review of current and planned community land development and housing
5. Local preschool/daycare registration

Whenever construction of new school facilities or the closing of any school building is being contemplated, the Board may authorize outside studies made of population trends and school enrollment.
